

Using the Wish List Feature

1. How to Access the Wish List

The Wish List link is located at the top of the screen

Once you click on the link it will take you to a login page. You can either search for a wish list that has been marked public, or you can login to your account to create and edit your own wish list.

When you click on the **person's name**, their list will come up and you can purchase the item directly from their list. During the checkout process you can choose to have it either shipped directly to the person's address (update the "ship to" fields to their address) or you can have it shipped to yourself and give it to them personally.

2. How to Create a Wish List

You need to have an account to Create a Wish List. If you don't, creating one is easy and free. No credit card info is needed. Just follow the links to [Create An Account](#) or click on [My Account](#).

♥ WISH LISTS | 📄 ORDERS | 👤 MY ACCOUNT

You must be **logged in** to create a Wish List. There are a couple ways to create a list. You can browse through the store and choose particular items first and add them to the wish list, or you can create the Wish List first and then browse the store and add your desired items. To create your Wish List first, **login**, click on “**Wish List**” and then “**Create Wish List.**”

If you click on “**Create**” you will be given the opportunity to give your Wish List a **Title** and make **Notes**. You’re also given the opportunity to make your list **Public** if you’d like. If you make it public anyone can go to that store and look your list up to purchase items for you. If you do not check the “Public” box, then it will remain **private** and **will not** be searchable by others.

3. Managing Multiple Wish Lists

Under your login you can maintain as many Wish Lists as you like. Let's say you have a family that all likes shopping at the same store - each family member can have their own wish list under one account. Or, let's say you have a wedding and a bridal shower coming up and you want to set up a separate wish lists for each event so your friends can get you something they'll know you love.

To create multiple Wish Lists you must first be logged in. Once logged in, you can click on the “Wish List” link at the top of your page. It will bring up your Wish List page and will show you the current wish lists you have as well as give you a link to “Create Wish List.”

You can write one note per item saved in your wish list. If you want to remove the note, just click the **“Edit comment, quantity, & wish list”** link and either update your note or delete what you have and then click the **“Update”** button to the right.

If you’ve made your wish list public, you can send a link to the store to all of your friends and / or family and give them the name of your wish list. They can then do a search for your list by name and see all the items you want. From there they can chose which ones they want to purchase, and then they’ll be removed from the list so they won’t be purchased again.
